September 11 Classic
Video+Audio+Text PDF
Includes over 2 hours of previously unseen video channels recorded in England just days before and after 9/11, plus the special Shoud from October 2001. Tobias offers profound and prophetic messages in this special 9/11 Commemorative set. Loaded on a USB drive... you keep the drive!

Winds of the Anasazi
Audio + Text PDF
A true Tobias classic! Recorded in Santa Fe in June 2003, Tobias talked about the "guardians" of this sacred area, now known as the Anasazi. As Tobias announced that the Anasazi were now leaving a tremendous storm erupted outdoors... and in the meeting room!

Dolphins of the Desert
Audio + Text PDF
Tobias brings a loving message about what we as angels experienced when we came to Earth for the first time, and how we embodied into the "winged mammals," the creatures we now know as whales and dolphins.

ANNUAL INSPIRE CONSCIOUSNESS AWARD

The Inspire Consciousness award is presented annually to the person or team that has gone above and beyond to inspire other humans, and to expand consciousness on the planet. The first award was presented in 2007 at the Quantum Leap Celebration to Norma Delaney and Garret Annofsky. In 2008 the award was presented to Silvia Marin from Romania. In 2009 the award was presented to Lee Carroll, channeler for Kryon. Last year in Munich the award was presented to Wulfing von Rohr. Who will receive the coveted Inspire Consciousness award this year? Be there on Sunday morning at 10:00 AM for the live presentation!
